Supervisor Rickman Presents Tracy High School Football Boosters with $11,900 of District 5 Supervisorial Funds in Support of the Tracy High School Football Program

Supporting Local Youth Programs

STOCKTON – At its Team dinner on Thursday, November 6, 2026, Supervisor Rickman joined the Tracy High Football Team and Staff, Tracy High School Football Boosters, and volunteers, to present the Team and Boosters with a check for $11,900 to support the Tracy High School Football Program's equipment needs.

The Tracy High School Football Boosters is a parent-led non-profit organization whose mission is to support and enhance the football program at every level by providing financial resources, volunteer efforts, and community spirit. Their goal is to ensure that every Bulldog football player has the tools, opportunities, and encouragement to succeed on the field, in the classroom, and in life - while fostering pride, tradition, and a lasting sense of community for all athletes and their families.

"Football builds teamwork, discipline, and perseverance, helping our students develop the confidence and character to succeed on the field, in the classroom, and in life," said Fifth District Supervisor Robert Rickman.

The Supervisorial District Funds were re-established by the Board of Supervisors in the 2023-2024 Adopted Budget, to afford each supervisor the opportunity to address district-specific unmet needs. Supervisorial district-funded projects are subject to existing County policy and business practice. A new allocation of $150,000 for each Board Member was included in the 2026-2027 Adopted Budget.

Board Members, upon review of the merits and needs of the proposed projects or activities, prepare recommendations for the Board's consideration regarding the use of Supervisorial District Funds. Supervisorial district-funded projects must be approved by a simple majority vote of the Board and are subject to existing County policy and business practice.
